GREEN POWER GENERATORS
THE ORIGINAL
MADE IN ITALY

Through UNI EN ISO certifications for the supervision of quality standards and environmental protection, Green Power assures its customers a more efficient service day after day and, at the same time, cleaves to its commitment of bringing down all critical impacts towards the environment.

As a guarantee for our high qualitative standards, designing, manufacturing and costumer assistance comply with: the certifications ISO 9001:2015 and ISO 14001:2015. Green Power is the innovative and ecologically responsible company that will make your project a reality.

"The Original" icon guarantees the 100% Made in Italy product.

The Original Green Power Generators are produced only by our production line in ITALY.
We do not have facilities out of Italy.

CRIBIS

dun & bradstreet
WORLDWIDE NETWORK

CRIBIS certifies that

On 23rd MARCH 2026

The Company GREEN POWER SYSTEMS SRL

DUNS Number 438002110

achieved the status of

CRIBIS
Prime Company

the recognition of maximum commercial reliability

This recognition is based on the CRIBIS Rating, a dynamic and constantly updated indicator of the reliability of a company

Sales Leader

Chief Executive Officer

Cribis Prime Company evaluates the highest level of reliability of a company, issuing its own certificates to companies that constantly maintain a high commercial reliability. The parameters are evaluated according to the Cribis D&B Rating, a dynamic and constantly updated indicator that measures the commercial credibility of a company and loyalty to its customers.

Green Power Systems has obtained this prestigious recognition on the basis of numerous variables such as business historicity, balance sheet data and extreme punctuality in payments; consolidating as one of the most reliable and credible companies on the market.

1 INTERNAL PRODUCTIVE PROCESS (VERTICAL INTEGRATION).

The 6 steps of the productive process are 100% managed by GP.

2 INVESTMENTS.

In the last 3 years, GP invested more than ***EURO 21.8 MLN*** *in new machineries and facilities to improve the quality of the generators.*

PANEL BENDERS, LASER MACHINES AND MORE	NEW EQUIPMENT	NEW FACILITIES	R&D DEPARTMENT
EURO 7.800.000	EURO 1.000.000	EURO 9.800.000	EURO 3.200.000

3 LARGE STOCK.

GP has constantly more than 1.500 engine and 1.500 alternator available in stock, ready to be assembled into generating sets or to be supplied as CKD.

. AVERAGE VALUE OF THE STOCK: € 29.000.000

1.000 CKD **5 > 250 kVA** + **400** CKD **300 > 800 kVA** + **100** CKD **1000 > 3000 kVA**

4 TAILOR-MADE SOLUTIONS.

GP can be the right partner for customized projects and sophisticated solutions

. Super silenced generators up to 55 DBA
. Generators for the telecom application with 600 / 1000 lts fuel tank and remote control
. Generators for the military sector
. Generators with special doors due to space's constraint
. Containerized generators
. 2 generators in a single canopy
. Hybrid solutions
. Customized colors
. Semi-coupled generators
. Overlapping generators up to 80 kVA to save shipping costs

5 AFTER SALES.

GP follows the customers in all the phases of the post-sales

6 STAFF.

All Green Power Staff, starting from the commercial and managing departments, to our technicians and logistic experts, has the prior objective of customer satisfaction. All your requests and inquiries will be evaluated with highest availability, professionalism, rapidity and politeness.

Technical pre- and after-sales support with multilingual availability 365 days a year.

Immediate price estimation for standard and no standard machines.

Highly specialized technical staff available for designing new installations and solutions and even for technical trainings directly at our company premises.

GREEN POWER NEW PRODUCTION HUB.

GREEN POWER SYSTEMS WILL HAVE A NEW HOME SOON.

The new industrial site will cover an area of 73 thousand m² where the new production complex, with a covered area of 27 thousand m² and a 2,700 m² building with administrative and technical offices at the company's service, will rise. The new polo Green Power Systems will be surrounded by over 7,500 m² of public green area with an ecofriendly shielding function and a foot and cycling path along the Via Fogliense municipal road.

The intervention will respect the latest criteria for energy saving for buildings and energy production from renewable sources. The construction of the new production site means work, new residency, service development, circuit of new related activities and about 250 new jobs which will create an important spin-off.

TOTAL AREA 140.000 mq | **COVERED AREA 35.000 mq** | **INVESTMENT VALUE € 40 MLN**

GREEN POWER IN MOTOGP.

APRILIA RACING TEAM MOTOGP

TEAM CIP GREEN POWER

MSi RACING TEAM

Since 2016, Green Power Systems Srl has undertaken a structured investment in motorsport as a strategic lever for branding and international positioning. Its presence in MotoGP, the pinnacle of the Motorcycle World Championship, represents the natural evolution of a vision focused on performance, innovation, and global competitiveness.
Over the course of 10 seasons, the Green Power brand has strengthened its visibility in international markets, reinforcing the company's identity through an environment that fully reflects the distinctive values of the business: passion, energy, determination, and results-oriented performance.

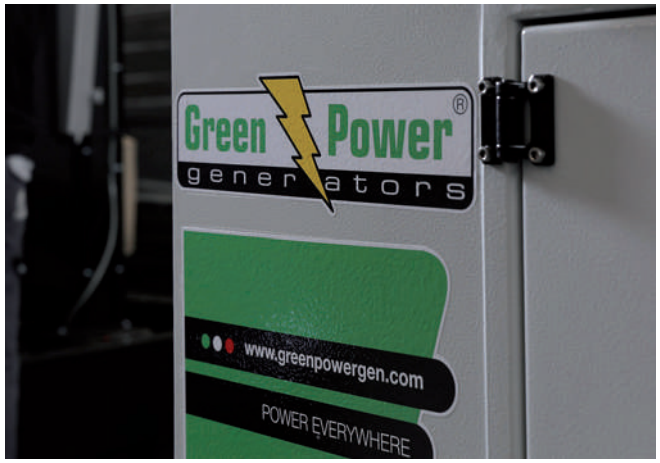

Green Power is the Title Sponsor of the CIP Green Power Team in Moto3.
Since 2024, it has been the Official Sponsor of the MSi Racing Team (Moto3 & Moto2) and the Official Sponsor of the Aprilia Racing Team in the premier class of MotoGP.
