**Accoppiatori con bloccaggio a camme**

I nostri accoppiatori a camme sono realizzati in polipropilene rinforzato con fibra di vetro per garantire ottima resistenza agli agenti chimici e massima durata. Leve di bloccaggio, anelli e spinotti sono in acciaio inossidabile.

Tutti i nostri accoppiatori a camme sono intercambiabili ai prodotti realizzati dai principali costruttori mondiali.

- Guarnizioni di tenuta standard in NBR.

Cam lever couplings

Our comprehensive range of cam lever couplings are made from Glass reinforced polypropylene for strength and durability, featuring stainless steel arms, pins and rings.

They are interchangeable with other couplers and adapters.

- NBR standard Gaskets

Raccords rapides a cammes

Tous nos raccords rapides sont fabriqués en polypropylène renforcé par fibres de verre avec parties métalliques en acier inoxydable afin de garantir une fiabilité et une durée optimale.

Tous nos raccords sont compatibles avec les produits des principaux fabricants.

- Joints en: NBR.
