

Ferrand

Since 2022, ERO has been a distributor in the German-speaking region for French manufacturer FERRAND.

In October 2023, we took the next step: when the proprietor of FERRAND SAS took a step back, we acquired the company.

The French family-run company has been in the vineyard business for over 40 years. The FERRAND equipment for soil cultivation and undervine management, plus several specialist machines such as the precision pre-pruner, complement the ERO machines to round off our portfolio perfectly.
