ATV 260 - MISSISSIPI

ATV 260 - WOOD CHIPPER FOR TRACTORS FROM 50 - 130 HP

The ATV 260 model is designed to handle high performance and ideal for various landscaping tasks. Its structure and composition allow to crush a wide variety of materials, such as: branches, twisted woods, trunks... Equipped with two hydraulic feeding rollers can brush up to 26 cm [10 inch] in diameter. The equipment also offers a non-stress system, which includes different control programs and hour counter. The ergonomic design of the chipper allows an excellent visibility to the operator, great cutting efficiency and a long implement life.
