GEYSER

GEYSER

Stazione modulare composta da un gruppo elettrogeno dotato di quadro ad inverter abbinabile, a seconda delle necessità a pompe di superficie e/o pompe sommerse e/o elettropompe separate.

Modular set composed by a generator equipped with inverter panel that can be combine, depending on the needs, with surface pumps and/or submersible pumps and/or electric pumps.

GEYSER type

GEYSER SP (pompa sommergibile)

Gruppo elettrogeno da 40 a 150kva su ruote abbinato a:

- Quadro inverter;
- Sistema di immersione pompa verticale;
- Elettropompa sommersa.

GEYSER SP (submersible pump)

Gen set from 40 up to 150kva on trolley combined with:

- Inverter panel;
- Vertical pump immersion system;
- Submersible elctric pump.

GEYSER DPF (doppia pompa flangiata)

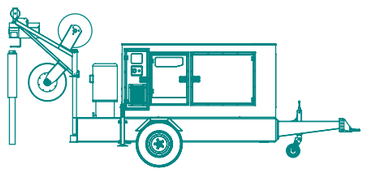

Gruppo motopompa da 60 a 200cv su ruote abbinato a:

- Pompa flangiata;
- Alternatore 20-40kva per elettropompa sommersa;
- Quadro soft start per elettropompa sommersa;
- Sistema di immersione a bandiera per elettropompa sommersa;
- Elettropompa sommersa.

GEYSER DPF (double flanged pump)

Motorpump set from 60 up to 200cv on trolley combined with:

- Flanged pump;
- 20-40Kva alternator for submersible electric pump;
- Soft start panel for submersible electric pump;
- Arm for immersion of the electric submersible pump;
- Subemersible electric pump;

GEYSER DPI (doppia pompa con inverter)

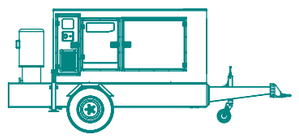

Gruppo elettrogeno da 40 a 150kva su ruote abbinato a:

- Quadro soft start per elettropompa sommersa;
- Sistema di immersione a bandiera per elettropompa sommersa;
- Elettropompa sommersa;
- Quadro inverter per elettropompa di superficie;
- Elettropompa di superficie.

GEYSER DPI (double pump with inverter)

Gen set from 40 up to 150kva on trolley combined with:

- Soft start panel for submersible electric pump;
- Arm for immersion of the electric submersible pump;
- Submersible pump
- Inverter panel for surface electric pump;
- Surface electric pump;

GEYSER EP (pompa esterna)

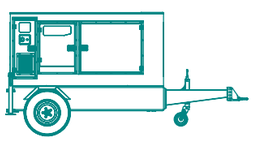

Gruppo elettrogeno da 40 a 150kva su ruote abbinato a:

- Quadro inverter;
- Elettropompa di superficie orizzontale o verticale.

GEYSER EP (external pump)

Gen set from 40 up to 150kva on trolley combined with:

- Inverter panel;
- Vertical and horizontal surface electric pump.

GEYSER I (Inverter)

Gruppo elettrogeno da 40 a 150kva su ruote abbinato a:

- Quadro ad inverter.

GEYSER I (Inverter)

Gen set from 40 up to 150kva on trolley combined with:

- Inverter panel.
